

The 180° Funds

TURNING AROUND TROUBLING TRENDS

WORKING TOGETHER TO BUILD HEALTHIER COMMUNITIES

During our Vital Signs outreach sessions in 2019, our communities identified the most relevant Sustainable Development Goals facing us in Lennox and Addington. The 180° Funds will support essential community work across the county with the aim of turning around the troubling trends in **health and well-being**, **poverty** and the **environment**.

When you give a little, our communities gain a lot! Join us and together, through your targeted giving, we will build a stronger sustainable future today, tomorrow and forever!
